

KEEPING A RECORD!

An informal seminar on the preservation of lodge and chapter records

**BRYN MASONIC HALL,
Bryn Road, Ashton-in-Makerfield Wigan WN4 0AA
7.30 pm on Friday 24 September 2010**

The recent and very successful *Historical Records Survey* achieved a great deal at lodge and chapter level in preserving and recording our Masonic heritage for the future.

However, in the course of the Survey, many questions were asked concerning the safest and most successful ways of storing and preserving our records.

***For example: "How long do 'electronic' records last?"
Answer: "Not very long at all...! They are very vulnerable."***

W Bro Fred Lomax, Leader of the HRS Team, will chair this informal seminar on the subject for anyone who wants to learn more about it, and he will be joined by

Mr ALEX MILLER

The Borough Archivist for Wigan & Leigh Metropolitan Borough, who has generously offered his time and expertise.

**Entirely informal – everyone welcome from anywhere in the Province
Tea/Coffee, Biscuits served**

A further such seminar is likely to be held in the north of the Province.
