

## CANDIDATES FOR INITIATION

Candidates for Initiation must be proposed and seconded at a regular meeting and balloted for at the **next regular meeting**. Failing this, they must be proposed and seconded again. A candidate must be Initiated within a year of his election or the election becomes void.

It is possible for this timescale to be curtailed but only in such cases as Servicemen about to be sent abroad or some other urgent situation where it would be a positive disadvantage to the candidate not to Initiate him urgently. Lodges should always consult the Province before considering this course of action.
